1 Background

1.1 The Problem

Tutors don't have enough time (read: don't get paid enough) to answer all student questions.

1.2 The Existing Solution

Tutors have to suffer.

1.3 Our Solution

Make a bot to outsource the work to.

2 Epics

2.1 Answers administrative questions about course

2.2 Answers questions about course content

2.3 Meaningfully quizzes and interacts with students

2.4 Informs course admin/staff about cohort

2.5 Learns for more than one course without needing massive config

3 Epic Selection

4 Summary
